Rodger H. Rast  
Application No.: 10/009,041  
Filing Date: 08 November 2001  
Attorney's Docket No.: IDOSE\_01  
For: System and Method for Providing Temporal  
Patient Dosing

:  
:  
: DECISION ON  
:  
:  
: PETITION UNDER  
:  
:  
: 37 CFR 1.137(b)  
:

This is in response to "Petition For Revival Of An Application For Patent Abandoned Unintentionally Under 37 CFR 1.137(b)" filed on 08 November 2001.

Applicants' petition under 37 CFR 1.137(b) filed 08 November 2001 to revive international application PCT/US00/35048 abandoned under 35 U.S.C. 371(d) is hereby **GRANTED** as to the National stage in the United States of America as follows:

International application PCT/US00/35048 became abandoned as to the United States of America at midnight on 22 August 2001 for failure to pay the basic national fee. The filing of the present continuing application under 35 U.S.C. 111 is accepted as the appropriate response under 37 CFR 1.137(b) (See MPEP § 711.03(c)). The statement, "the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional" complies with 37 CFR 1.137(b).

International application PCT/US00/35048 is being revived for purposes of continuity only and since continuity has been established by this decision reviving the international application, the international application is again abandoned in favor of the present continuing application number 10/009,041.

This application is being forward to Office Initial Patent Examination(OIPE) for continued processing.
